

PKU LOPHLEX® POWDER BERRY & ORANGE ARE BEING PHASED OUT AT THE END OF 2026

We know choosing a PKU formula is a personal choice and changing formulas can take time. The options below can help you find a new PKU formula you enjoy, on a schedule that works for you.

10 g protein equivalent per pouch

Fewer pouches per day!

-  Add orange flavor drops
-  Add berry flavor drops

EACH PKU FORMULA OPTION BELOW PROVIDES 20 G OF PROTEIN EQUIVALENT PER SERVING

PKU FORMULA OPTIONS WITH SIMILAR FLAVORS

2 PKU Lophlex® Powder = 1 PKU Lophlex® LQ Juicy Orange

2 PKU Lophlex® Powder = 1 PKU Lophlex® LQ Mixed Berry

PKU Lophlex® LQ flavor too strong?
Tip: Mix with extra water or rice milk for a milder taste

GMP-BASED PKU FORMULA OPTIONS

2 PKU Lophlex® Powder = PhenylAde® GMP ULTRA Vanilla or Lemonade
 20 g protein equivalent per pouch

Make it Your Way!
 Create a custom flavor with flavor drops

PhenylAde® GMP ULTRA Plain

GMP-BASED PKU FORMULA ARE KNOWN FOR THEIR MILD TASTE AND MAY AID WITH FEELINGS OF FULLNESS

PKU Lophlex® Powder Berry & Orange will be available while supplies last. We expect product to be depleted by December 2026.

All products shown are medical foods for the dietary management of proven Phenylketonuria (PKU) and must be used under medical supervision. Please consult your metabolic clinic prior to making any changes to your PKU diet plan.
