* S9435 = For individuals who submit their bills to insurance on their own.

Ingredients:

Tablets: L-Tyrosine, Calcium Carbonate, L-Tryptophan, L-Methionine, Microcrystalline Cellulose, L-Arginine, L-Threonine, L-Valine, L-Isoleucine, L-Histidine, L-Leucine, L-Lysine Monohydrochloride, Hydroxypropyl Methylcellulose, Stearic Acid, Croscarmellose Sodium, Magnesium Stearate, Silicon Dioxide.

Powder: L-Tyrosine, Maltodextrin, L-Tryptophan, L-Methionine, L-Arginine, L-Threonine, L-Valine, L-Isoleucine, L-Histidine, L-Leucine, L-Lysine Monohydrochloride.

Mixing Instructions for PheBLOC powder:

1

Divide daily dosage and take prior to every protein-containing meal or snack

2

Add contents of entire pouch into food or beverage and consume prior to every protein-containing meal or snack

Instructions for PheBLOC tablets:

1

Divide daily dosage and take prior to every protein-containing meal or snack

2

Tablets must be taken with 6 - 8 fl oz (180 - 240 mL) water prior to every protein-containing meal or snack

Storage:

Store unopened sachets or containers in a cool, dry place. Once tablets are opened, use within one month. Replace lid securely when not in use.

Important Notice:

Use only under medical supervision. Not for parenteral use. Not suitable as a sole source of nutrition. Only suitable for individuals over 12 years of age with proven phenylketonuria (PKU). Must be combined with an appropriate vitamin & mineral supplement when taken as the sole source of PKU medical food.

Precautions:

- Not for use when planning or during pregnancy
- Seek medical advice before using with serotonergic medications or any kind of psychotropic medications.
